

POSITION ANNOUNCEMENT

TEXAS A&M UNIVERSITY AT QATAR. The Department of Physics and Astronomy at Texas A&M University and the Science Program at Texas A&M University at Qatar invite applications for a faculty position at our campus in Doha, Qatar (<http://www.qatar.tamu.edu>). Although the position is non-tenure-track, faculty serve a probationary period after which they may earn a rolling contract. Texas A&M University at Qatar (TAMUQ) is a partnership with Qatar Foundation. Now in its eleventh year of operation, TAMUQ offers Bachelor of Science degrees in chemical, electrical and computer, mechanical, and petroleum engineering. The degree programs are identical to those of the main campus in College Station, Texas, and a Texas A&M University diploma is awarded to graduates.

Doha is the home of Education City (<http://www.qf.org.qa/education/universities>), a dedicated campus devoted to research and education. In addition to TAMUQ, Education City campus hosts other academic institutions, including Weill Cornell Medical School, Carnegie-Mellon University, Virginia Commonwealth University, Northwestern University, University College London, and Georgetown University. As an international institution of higher learning, TAMUQ, along with its partners in Education City, have significantly contributed to the development of post-secondary education and cultural growth in Qatar.

Applicants must have an earned doctorate in physics. A postdoctoral experience is preferred. Successful candidates are expected to have a strong commitment to teaching excellence and a demonstrated research capability that will enable the candidate to develop an externally funded, independent research program and publish in leading scholarly journals. The appointment is expected to start in fall 2014.

This position is in Doha, and the successful candidate must relocate to Qatar.

TAMUQ offers a competitive salary package commensurate with rank and experience. The package includes 12-month salary, accommodations, annual home leave allowances, and other benefits. Candidates should submit applications electronically (cover letter addressed to TAMUQ Search Committee, CV, teaching statement, research statement, three journal publications, and list of three references) to

TAMUQ Search Committee (Walker)
