

POSITION ANNOUNCEMENT

The Department of Physics and Astronomy at Texas A&M University invites applications for a technician II position. Salary is listed at \$14.64/hr; however, a salary adjustment will be considered based on experience. The technician II evaluates, selects, and applies standard engineering or scientific techniques used in research or support laboratories. A bachelor's degree in a related field or any equivalent combination of training and experience in scientific research, clinical, operational, managerial or experimental work is required for this position. Experience with optical polishing, computerized control systems, high vacuum lab equipment, characterization of thin films, and operation of semiconductor process instrumentation is preferred.
